Reverse shaping for second side.

Wrist Rib:

CO 11-0-12 in 1x1 rib for 7 rows at MT 4/4

Front Band Options

For rib band: Needles in work 21-0-22, 1x1 rib for 5 rows at MT 5/5. Remember to make buttonholes at row 3.

For stockinette band: Needles in work 45-0-45 at MT -2 Cast on with scrap and ravel,

COR; with MY knit 3 rows, form buttonholes on left side (lowest one on L42, highest one just above where the chest seam will fall and other(s) centered between these two). Knit 3 more rows. Increase to highest tension and knit 1 row. Reduce tension to MT-2, knit 3 rows, make buttonhole eyelets on same needles as before, knit 3 more rows. Hang hem, increase to MT and knit 1 row. Hang sweater on ½ (say L45 – 0) and BO around gate pegs from end to center. Carefully remove the BO stitches from the gate pegs and hang remaining half of sweater from 0-R45 and BO 2nd half. Arlene advises making the buttonholes on the left side of the machine bed...this makes the sweater button right over left when worn by the baby and makes it easier for a right-handed parent to button up.

Cardigan with crochet trim front edge.

For Crochet trim band – Row 1 sc around front and neck edges, decrease as necessary around neck edge so it will lie flat. Row 2 reverse sc around front and neck. Attach yarn at chest seam area and chain a loop to fit button; Sc in chain stitches, fasten and weave in ends.
